Bean Hoppers

MIGNON GLASS BEAN HOPPER

1. **Take your Mignon to the next level**
The combination of glass and metal (lid and revolving tab) makes your Mignon unique.

2. **Scratch-proof ally**
Glass is the perfect material to resist scratches and opacity over time. A glass hopper will retain its transparency and clean appearance for longer.

3. **Cleaning the hopper has never been so easy!**
Glass is easy to clean and does not retain odours or stains.
This makes maintenance easier and more hygienic, ensuring better coffee preservation.

Materials & dimensions

Glass hopper, metal lid and revolving tab.
Capacity: 550 gr.

Bean Hoppers

MIGNON BLOW UP SYSTEM *NEW!*

1 **Ultra-Stable Performance**
it ensures absolute stability during every use. No wobble, no compromise — just smooth, controlled operation.

2 **Powerful Air Pressure**
Experience the full force of its optimized pressure system, delivering maximum cleaning power in seconds. A single burst clears residual coffee grounds effortlessly, keeping your grinder consistent.

3 **Unmatched Consistency**
Consistency is key in coffee. By removing leftover particles and cross-contamination between doses, the Blow Up System guarantees uniform results cup after cup.

Materials & dimensions

100% silicone Blow Up.
Available for all Mignon grinders with 150 gr fumé hopper.

Grind Adjustment Dials

MIGNON KING SIZE DIAL

1. **Total control**
   Its increased size and ergonomic design allow you to make microadjustments with ease, improving precision for all brewing methods, from coarse to ultra-fine.

2. **Easy to use**
   The engraved details on the dial allow users to identify the desired grinding level with minimal effort, ensuring consistent and repeatable results.

3. **Easy to install**
   The dial is designed to be easily installed over the original. Ideal for improving the performance of your coffee grinder.

4. **Ergonomics and grip**
   The extended shape and texture of the dial provide a firm grip, reducing the risk of slipping.

Materials & dimensions

100% Alluminium.
Diameter: 50 mm. Weight: 25 g.
Compatible with all Mignon excluding the Easy Setting Dial ones (Mignon Perfetto, Mignon Brew PRO, Mignon Zero Brew).
